

JEOPARDY!

The image shows the iconic Jeopardy! game show set. The word "JEOPARDY!" is displayed in large, three-dimensional, metallic blue letters with a glowing effect. The letters are positioned in front of a curved, dark blue wall that features horizontal lines and a glowing blue light strip along its base. The floor is dark blue with a grid pattern of glowing blue lines. The overall lighting is dark blue with bright highlights from the glowing elements.

restoration project

The dollar value of the statewide funding used, in part for the design of wetlands at Cullen Park

Some of the piers
supporting this structure
still remain in Maumee
Bay and may be hazard
to watercraft navigation

**DREDGEY
DOUBLE**

The image features the text 'DREDGEY DOUBLE' in a large, white, 3D block font. The letters are centered and appear to be floating above a dark blue, reflective surface. The surface has a grid of glowing blue lines that recede into the distance, creating a sense of depth. A horizontal band of light blue, dotted texture runs across the middle of the image, just below the text. The background is a solid, deep blue.

Dredged material
can be made up of
this component

Money from this fund is helping to pay for Ohio wetland restoration projects in an effort to end open lake dumping by 2020

Dredged material is
usually contaminated

Dredged material can be
used beneficially for
agricultural purposes

Phragmites is one invasive species that should be controlled at Cullen Park

Clean dredged
material can be
used to build and
restore wildlife
habitats and
offshore reefs

Nearly 2/3 of Ohio's total
dredged material is from
Cleveland's harbor
